GENERAL INFORMATION.

The College has the following departments: School of Commerce, Music, Normal, Preparatory and Collegiate. Excellent instruction may be had in each at a minimum expense.

Relation to German Wallace College.

By an arrangement made with the Trustees of German Wallace College the students of Baldwin University are admitted to the classes in classical and modern languages in German Wallace College without extra tuition charge.

Case School of Applied Science.

By arrangement between the authorities of Case School and Baldwin University, students can pursue in Baldwin University during the Freshmen year a scientific course equivalent to that in Case School, and then will be admitted to the Sophomore year of the Case School on certificate.

Law School.

Connected with the University is the Cleveland Law School, an institution of high grade. For catalogue and particulars address Willis Vickerey, Secretary, 1226 Williamson Building.

School of Music.

Baldwin University affords superior advantages for the study of Music in all its departments. Instruction is given in piano-forte, pipe-organ, violin, mandolin, guitar,

vocal culture, sight singing, chorus, harmony and theory.

The course of study has been arranged after a careful examination of the comparative merits of the best schools.

Every student is under the personal supervision of the Director, who assigns all studies and examines the work done. Special attention will be paid to beginners in music, a teacher having charge of this work. For further information address the Director, Prof. O. E. Weaver.

School of Commerce.

The School of Commerce is under the control of the German Wallace College and aims to give the student a systematic and thorough knowledge of business procedure as well as of stenography, typewriting and penmanship. Students may enroll in Baldwin University for the Commercial studies, and have all the advantages of the School of Commerce.

Normal School.

The Normal Department is designed to fit the students' practical work in teaching. The course is first-class in every way and is under the management of an educator of many years' experience—Prof. F. D. Ward.

Preparatory and Collegiate.

For admission to the Freshmen class fifteen credit units are required as per table page 11-12 The Collegiate courses leading to degrees are Classical, Philosophical and Scientific—each requiring two hundred and four credit units for graduation.

Prizes.

Hon. John Baldwin, Jr., class of '59, has generously established two prizes, which will be awarded Commencement Day.

1. A prize of twenty-five dollars (\$25.00) will be awarded to the member of the graduating class who has the highest average rank in scholarship for the College course—three years of which must have been taken at Baldwin University.

2. A prize of twenty-five dollars (\$25.00) will be awarded to the member of the Junior class presenting the theme ranking highest in thought and composition—the subject to be chosen from a list suggested by the individual members of the Faculty.

Literary Societies.

There are four Literary Societies in connection with the University, namely: the Phrenocosmian, the Philozetian, the Clionian and the Alethian. The first two are for young men, the last two for young women. These societies, though incorporated, are under the general supervision of the Faculty, but the affairs and the exercises of the societies are left as far as possible to the control of the members.

At above rates, tuition (not including music or other extras), room, board for one college year, for young men, \$136.00; for young ladies, \$152.00.

Payment of Bills and Rebates.

The college bills for each term are payable in advance and must be paid within ten days after the opening of each term. Students will not be entered upon the class rolls until they present to each Professor the Treasurer's receipt. Rebates will not be granted if the student has been in class attendance for three weeks and then only when satisfactory reasons have been presented and accepted by the Faculty.

All Club bills are due and payable on the first day of each month, and must be paid within six days after becoming due. A fee of \$10 must be paid when the student enters the Club, which fee will be returned at the end of the year or when the student leaves the college, except in cases where the last month's board bill is to be deducted from the amount of the entrance fee. Students having guests must provide tickets for each guest. On account of the low cost of board no rebates will be granted for meals that have been missed unless the student is absent more than one week on account of illness.
